2 Registration and referrals

2.1 The Partner must complete registration, sign this Agreement and use Numera24's designated referral channel. Before submitting a referral, the Partner must confirm that the contact agrees to be contacted by Numera24 and share only the details needed for the introduction.

2.2 Numera24 will record the submission date, review eligibility and notify the Partner whether the referral has been accepted. A referral qualifies for commission once Numera24 has credited it to the Partner and the referred business starts a paid subscription. Numera24 will apply the rules for duplicate referrals and existing leads in section 4. A free trial or an unpaid invoice generates no commission.

2.3 Numera24 handles sales, pricing, customer contracts and billing. The Partner has no authority to bind Numera24, quote terms on its behalf or collect customer payments.

3 First year commission

3.1 Numera24 will pay the Partner 50% of subscription amounts it actually collects for the referred client's first 12 months of paid subscription, subject to section 4. The 12-month period starts on the effective start date of the client's first paid subscription. Monthly subscriptions generate commission as payments for that period are collected. For an annual subscription paid upfront, commission is calculated on the amount collected for the first year. Commission ends after the first 12 months of subscription coverage.

4 Payment and referral rules

4.1 Numera24 will provide a commission statement showing the credited referrals, eligible collections, applicable adjustments and commission due.

4.2 The Partner will provide their payment details in Schedule A and submit the completed Agreement and any required payment documentation through Numera24's designated secure channel.

4.3 Numera24 will issue a monthly statement showing the commission earned on eligible subscription payments collected during the previous calendar month. Numera24 will pay the commission within 15 calendar days after month-end.

4.4 If a credit, refund or chargeback reduces an eligible subscription payment, Numera24 will recalculate the commission based on the amount it retains. If the commission has already been paid, Numera24 will show the adjustment on the next commission statement and deduct the overpayment from future commissions. If the Agreement ends before the overpayment is fully recovered, the Partner will repay the outstanding balance within 15 calendar days of receiving a written statement showing the adjustment.

4.5 If more than one Partner refers the same business, Numera24 will credit the first eligible referral based on the submission timestamp and the information recorded through its designated referral channel. The referral must include the business name and enough contact information to identify the prospect.

4.6 Businesses that are already Numera24 customers or are recorded as active sales prospects when the referral is submitted are ineligible for commission. An accepted referral remains attributed to the Partner for 180 calendar days from the date Numera24 confirms acceptance. If the business starts a paid subscription within that period, the Partner earns commission on eligible payments for the client's first 12 months of paid subscription.

5 Confidentiality and personal data

5.1 Each party will use confidential information only to administer this Agreement and share it only with personnel or advisers who need it for that purpose or when disclosure is legally required. Each party will handle referral contact data and payment details securely and in accordance with applicable data protection requirements. These obligations continue after termination.

6 Term and termination

6.1 Either party may terminate this Agreement by giving the other party 30 calendar days' written notice. If either party materially breaches this Agreement or fails to remedy the breach within 15 calendar days after receiving written notice describing it, the other party may terminate the Agreement immediately by giving written notice.

6.2 Commission earned before termination remains payable under this Agreement. For a referral Numera24 accepted before termination, the Partner remains entitled to commission if the referred business starts a paid subscription within 180 calendar days of referral acceptance, even if the subscription starts after termination. Numera24 will pay commission on eligible payments it collects for the client's first 12 months of paid subscription, subject to the same payment and adjustment terms in Section 4.
